

Mélanie Despeisse, Chalmers University of Technology,

melanie.despeisse@chalmers.se

Vice-Chairperson for Women in Production Management
Co-Leader of Special Interest Group on Eco-Efficient and
Circular Industrial Systems

Expertise: Sustainable manufacturing, Production
development, Environmental performance management

Giuditta Pezzotta, University of Bergamo,

giuditta.pezzotta@unibg.it

Co-Leader of Special Interest Group on Service
Systems Design, Engineering and Management
Expertise: Product-service systems, Servitization,
Business process management

Irene Roda, Politecnico di Milano,

irene.roda@polimi.it

Co-Leader of Special Interest Group on
Product and Asset Lifecycle Management

Expertise: Asset management, Maintenance,
Industrial management

Irenilza de Alencar Nääs, Paulista University,

irenilza.naas@docente.unip.br

Conference Chair of APMS 2016, Foz do Iguacu,
Brazil

Co-Leader of Special Interest Group on
Production Management in Food Supply Chains

Jannicke Baalsrud Hauge, KTH- Royal Institute of Technology

& BIBA- Bremer Institut für Produktion und Logistik GmbH,

jmbh@kth.se & baa@biba.uni-bremen.de

Co-Leader of Special Interest Group on Serious Games in
Production Management Environments

Expertise: Data-driven production and logistics, Supply chain risk
management, Game-based learning

Federica Acerbi, Politecnico di Milano,

federica.acerbi@polimi.it

Co-Leader of Special Interest Group on
Eco-Efficient and Circular Industrial Systems
Expertise: Sustainable Manufacturing, Circular
manufacturing, Twin transition

Anne Zouggar, University of Bordeaux,

anne.zouggar@ims-bordeaux.fr

Co-Leader of Special Interest Group on Lean
Thinking & Practice

Expertise: Supply chain and production
optimization, Lean method and Industry 4.0

Federica Costa, Politecnico di Milano,

federica.costa@polimi.it

Co-Leader of Special Interest Group on Lean
Thinking & Practice

Expertise: Lean production, Industry 4.0 and
continuous improvement

Adriana Giret, Universitat Politècnica de València, agiret@dsic.upv.es

Expertise: Multi-agent systems, Production scheduling & control, Software engineering, Energy efficiency, Optimization, Problem solving

Anita Romsdal, Norwegian University of Science and Technology, anita.romsdal@ntnu.no

Organizing Committee Chair of APMS 2023, Trondheim, Norway
Expertise: Production planning and control, Digitalization, Logistics, Food supply chain management

Åsa Fast-Berglund, Stena Recycling, asa.fasth.berglund@stenarecycling.com

Expertise: Human-centric automation, Digitalization

Aylin Ates, University of Strathclyde Business School, aylin.ates@strath.ac.uk

Expertise: Small and medium enterprise (SME) strategy for resilience, Digital transformation, Manufacturing ecosystems

Bella B. Nujen, Norwegian University of Science and Technology, bella.nujen@ntnu.no

Program Co-Chair of APMS 2023, Trondheim, Norway
Expertise: Sustainable manufacturing, Supply chain management, Organizational learning including Lean

Catherine Da Cunha, Ecole Centrale de Nantes, catherine.da-cunha@ec-nantes.fr

Expertise: Mass customization, Reconfigurable manufacturing, Artificial Intelligence (AI) and machine learning

Chiara Cimini, University of Bergamo, chiara.cimini@unibg.it

Expertise: Smart manufacturing, Human factors, Operator 4.0

Ebru Turanoglu Bekar, Chalmers University of Technology, ebrut@chalmers.se

Expertise: Predictive maintenance, Smart maintenance, Artificial Intelligence (AI) and machine learning

Fabiana Pirola, University of Bergamo,

fabiana.pirola@unibg.it

Expertise: Product-service system design,
engineering and operations

Flavia Maria Mogos, SINTEF,

maria.flavia.mogos@sintef.no

Expertise: Supply chain risk management,
Operations management, Lean production

Gül Kremer, Iowa State University,

heidi.c.dreyer@ntnu.no

Program Co-Chair of APMS 2023, Trondheim, Norway
Expertise: Food supply chains, Production
planning & control, Digitalization

Heidi Dreyer, Norwegian University of Science
and Technology, heidi.c.dreyer@ntnu.no

Program Co-Chair of APMS 2023, Trondheim,
Norway

Expertise: Food supply chains, Production
planning & control, Digitalization

Iveta Zolotová, Technical University of

Kosice, iveta.zolotova@tuke.sk

Expertise: Intelligent systems, Human-system
interaction, Industry 4.0/5.0, Industrial informatics

Izabela Nielsen, Aalborg University,

izabela@mp.aau.dk

Expertise: Supply chain optimization, Artificial
Intelligence (AI), Mobile robots

Jana Frank, Henkel AG,

jana.frank@henkel.com

Expertise: Smart product-service systems, Business
modelling, Industrial management

Jessica Bruch, Mälardalen University,

jessica.bruch@mdu.se

Expertise: Industrial management, Production
system designs, Manufacturing networks

Lenka Landryova, VSB Technical
University of Ostrava,
lenka.landryova@vsb.cz

Expertise: Industrial automation, Machine and
process control, Process visualization, Design
of human-machine interface

Kathryn E. Stecke, University of Texas at
Dallas, kstecke@utdallas.edu

Expertise: Flexible manufacturing systems,
Production planning & control, Workload
optimization, *Seru* production systems,
Operations/marketing interface problems;
Managing risks in SCs

Maria Kollberg Thomassen, SINTEF,
maria.thomassen@sintef.no

Expertise: Industrial management, Automation,
Mass customization

Melissa Marques McEwan, Heriot-Watt
University, m.marques_mcewan@hw.ac.uk

Expertise: Circular economy, Sustainable
business performance, Systems thinking

Monica Bellgran, KTH- Royal Institute of
Technology, monica.bellgran@kth.se

Expertise: Sustainable development, Industrial
management, Production system designs

Sabine Waschull, University of Groningen,
s.waschull@rug.nl

Expertise: Industry 4.0/smart manufacturing,
work design, human-centric design of digital
technologies/Artificial Intelligence (AI)

Tomomi Nonaka, Waseda University,
nonaka@waseda.jp

Expertise: Sustainable consumption and
production, Socio technical systems engineering,
Service engineering

Honorary Member

Riitta Smeds, Aalto University,
riitta.smeds@aalto.fi & riitta.smeds@iki.fi

Conference Chair of APMS 2008, Espoo, Finland
Co-founder of the Special Interest Group on Serious Games in
Production Management Environments
Expertise: Process innovation, Social simulation of business
processes, Inter-organizational learning, Knowledge management
