

Members of IFIP WG5.7

Irene Roda, Politecnico di Milano,
irene.roda@polimi.it
Vice-Chair Women in Production Management
Co-Leader of Special Interest Group on Product
and Asset Lifecycle Management
Expertise: Asset management, Maintenance,
Industrial management

Giuditta Pezzotta, University of Bergamo,
giuditta.pezzotta@unibg.it
Vice-Chair Europe
Co-Leader of Special Interest Group on Service
Systems Design, Engineering and Management
Expertise: Product-service systems, Servitization,
Business process management

Jannicke Baalsrud-Hauge, KTH- Royal Institute of
Technology, jmbh@kth.se
IFIP WG5.7 Secretary & Communications Officer
Co-Leader of Special Interest Group on Serious Games in
Production Management Environments
Expertise: Data-driven production and logistics, Supply chain risk
management, Game-based learning

Federica Acerbi, Politecnico di Milano,
federica.acerbi@polimi.it
Co-Leader of Special Interest Group on
Eco-Efficient and Circular Industrial Systems
Expertise: Sustainable Manufacturing, Circular
manufacturing, Twin transition

Mélanie Despeisse, Chalmers University of Technology,
melanie.despeisse@chalmers.se
Vice-Chair Women in Production Management 2022-2025
Co-Leader of Special Interest Group on Eco-Efficient and
Circular Industrial Systems
Expertise: Sustainable manufacturing, Production
development, Environmental performance management

Alexandra Lagorio, University of Bergamo,
alexandra.lagorio@unibg.it
Co-Leader of Special Interest Group on Smart and
Sustainable Supply Chain Management
Expertise: Industrial and urban logistics, Supply
chain management, Human factors

Anne Zougggar, University of Bordeaux,
anne.zougggar@ims-bordeaux.fr
Co-Leader of Special Interest Group on Lean
Thinking & Practice
Expertise: Supply chain and production
optimization, Lean method and Industry 4.0

Federica Costa, Politecnico di Milano,
federica.costa@polimi.it
Co-Leader of Special Interest Group on Lean
Thinking & Practice
Expertise: Lean production, Industry 4.0 and
continuous improvement

Chiara Cimini, University of Bergamo,
chiara.cimini@unibg.it
Co-Leader of Special Interest Group on Human-Centred Systems
Expertise: Smart manufacturing, Human factors, Operator 4.0

Adriana Giret, Universitat Politècnica de València, agiret@dsic.upv.es
Expertise: Multi-agent systems, Production scheduling & control, Software engineering, Energy efficiency, Optimization, Problem solving

Alessia Napoleone, Delft University of Technology, a.napoleone@tudelft.nl
Expertise: Reconfigurable manufacturing system, Life cycle management, Industrial research, Cyber physical systems, Human centricity

Ana Correia Simões Institute for Systems and Computer Engineering, Technology and Science (INESC TEC), ana.c.simoes@inesctec.pt
Expertise: Industry 4.0, Digitalization, Collaborative robots, Human-robot collaboration

Anita Romsdal, Norwegian University of Science and Technology,
anita.romsdal@ntnu.no
Organizing Committee Chair of APMS 2023
Expertise: Production planning and control, Digitalization, Logistics, Food supply chain management

Ann-Louise Andersen, Aalborg University,
ala@mp.aau.dk
Expertise: Reconfigurable manufacturing system, Computer aided manufacturing, Industrial research, Life cycle management, Mass customization

Åsa Fast-Berglund, Stena Recycling,
asa.fasth.berglund@stenarecycling.com
Expertise: Human-centric automation, Digitalization

Aylin Ates, University of Strathclyde Business School, aylin.ates@strath.ac.uk
Expertise: Small and medium enterprise (SME) strategy for resilience, Digital transformation, Manufacturing ecosystems

Meet the Women Advancing Research in Production Management Systems

Bella B. Nujen, Norwegian University of Science and Technology, bella.nujen@ntnu.no
Program Co-Chair of APMS 2023
Expertise: Sustainable manufacturing, Supply chain management, Organizational learning, Lean

Catherine Da Cunha, Ecole Centrale de Nantes, catherine.da-cunha@ec-nantes.fr
Expertise: Mass customization, Reconfigurable manufacturing, Artificial Intelligence (AI) and machine learning

Clarissa Alejandra González Chávez, Chalmers University of Technology, clarissa.gonzalez@chalmers.se
Expertise: Sustainability-as-a-service, Servitization, Digitalization

Ebru Turanoglu Bekar, Chalmers University of Technology, eburut@chalmers.se
Expertise: Predictive maintenance, Smart maintenance, Artificial Intelligence (AI) and machine learning

Fabiana Pirola, University of Bergamo, fabiana.pirola@unibg.it
Expertise: Product-service system design, engineering and operations

Flavia Maria Mogos, SINTEF, maria.flavia.mogos@sintef.no
Expertise: Supply chain risk management, Operations management, Lean production

Frédérique Biennier, INSA de Lyon, frederique.biennier@insa-lyon.fr
Expertise: Industrial information systems, Service-oriented architecture (SOA), Collaborative business process

Heidi Dreyer, Norwegian University of Science and Technology, heidi.c.dreyer@ntnu.no
Program Co-Chair of APMS 2023
Expertise: Supply chain management, Supply chain planning and control, Supply chain design

Irenilza de Alencar Nääs, Paulista University,
irenilza.naas@docente.unip.br
Conference Chair of APMS 2016
Co-Leader of Special Interest Group on Production Management in Food Supply Chains
Expertise: Food production, Industrial management, Sustainable development, Supply chain management

Iveta Zolotová, Technical University of Kosice,
iveta.zolotova@tuke.sk
Expertise: Intelligent systems, Human-system interaction, Industry 4.0/5.0, Industrial informatics

Izabela Nielsen, Aalborg University,
izabela@mp.aau.dk
Expertise: Supply chain optimization, Artificial Intelligence (AI), Mobile robots

Ju Yeon Lee, Seoul National University of Science and Technology, jylee@seoultech.ac.kr
Expertise: Sustainable manufacturing, Smart manufacturing, Product life cycle management, Big data analytics, Digital twin

Jessica Bruch, Mälardalen University,
jessica.bruch@mdu.se
Expertise: Industrial transformation, Production development, Sustainable manufacturing

Kathryn E. Stecke, University of Texas at Dallas,
kstecke@utdallas.edu
Expertise: Flexible manufacturing systems, Workload optimization, *Seru* production systems, Operations/marketing interface problems

Lenka Landryova, VSB Technical University of Ostrava, lenka.landryova@vsb.cz
Expertise: Industrial automation, Machine and process control, Process visualization, Design of human-machine interface

Magali Bosch-Mauchand, Université de Technologie de Compiègne, magali.bosch@utc.fr
Expertise: Product Lifecycle Management, Computer-aided X, Product-Process engineering, Design and manufacturing integration

Maria Kollberg Thomassen, SINTEF,
maria.thomassen@sintef.no
Expertise: Supply chain management, Production
planning and control, Industry 4.0/5.0, Circular
value chains

Maria Teresa Ribeiro Pereira, Superior Institute
of Engineering of Porto, mtp@isep.ipp.pt
Expertise: Logistics and supply chain management,
Decision support systems, Optimization, Multi-
criteria decision analysis, Industry 4.0

Melissa Marques McEwan, Heriot-Watt
University, m.marques-mcewan@hw.ac.uk
Expertise: Circular economy, Sustainable
business performance, Systems thinking

Monica Bellgran, Mälardalen University,
monica.bellgran@mdh.se
Expertise: Sustainable development, Industrial
management, Production system designs

Sabine Waschull, University of Groningen,
s.waschull@rug.nl
Expertise: Industry 4.0/smart manufacturing,
work design, human-centric design of digital
technologies/Artificial Intelligence (AI)

Tomomi Nonaka, Waseda University,
nonaka@waseda.jp
Organizing Committee Chair of APMS 2025
Expertise: Socio technical systems engineering,
Service engineering, Sustainable business system
design

Honorary Member

Riitta Smeds, Aalto University,
riitta.smeds@aalto.fi & riitta.smeds@iki.fi
Conference Chair of APMS 2008, Espoo, Finland
Co-founder of the Special Interest Group on Serious Games in
Production Management Environments
Expertise: Process innovation, Social simulation of business
processes, Inter-organizational learning, Knowledge management
